## 50,000 Held as Political Prisoners

By LEWIS GULICK  
WASHINGTON (AP)—Reports  
from Cuba indicated today that  
the Castro regime has 50,000 po-  
litical prisoners crowded into ur-  
ban jails.

This was one of the considera-  
tions listed by U.S. officials in  
discussions with Washington au-  
thorities from President Kennedy  
down on Prime Minister Fidel  
Castro's offer to free the 1,179  
Cuban invasion captives for \$62  
million.

The invaders who unsuccessfully  
attempted to topple Castro a  
year ago were Cuban refugees  
who had considerable U.S. support  
short of direct combat participation.

It was pointed out to newsmen  
here that the fate of other prison-  
ers, who also contested Castro  
and in some cases may have suf-  
fered more than the invaders,  
should be considered too. It has  
been estimated that Castro jailed  
200,000 persons in the wake of the  
invasion.

American officials said the  
Washington discussions have not  
resulted in the setting of any hard  
and fast U.S. policy on the in-  
vasion prisoners. Two general con-  
clusions did emerge.

1. The U.S. government con-  
demns as barbaric Castro's ran-  
som offer and does not want to  
get into any deal with him in-  
volving a swap of money for  
human lives.

2. For humanitarian reasons,  
the U.S. government has no ob-  
jection to voluntary actions by  
persons seeking on their own re-  
lease of some or all of the cap-  
tives.

The government has interposed  
no barrier to the proposed trip  
to Havana today by a delegation  
representing a committee of rela-  
tives of the invasion prisoners.  
The group hopes to negotiate with  
Castro.

In preliminary checking, Amer-  
ican authorities also have un-  
covered no legal impediment to  
sending money to Cuba, even  
though from a foreign policy  
standpoint Washington wants to  
cut down on Castro's foreign ex-  
change. Cuban refugees currently  
are able to send money to the  
folks back home.

Four representatives of the Cu-  
ban Families Committee were to  
fly from Miami to Havana today,  
although they have no assurance  
that they will be able to meet  
with Castro. Three of the four  
made a similar trip last August.  
They were unable to see Castro  
and finally left after a month in  
Cuba.

The committee has said it has  
\$26 million in cash and pledges  
with which to begin negotiations  
for freedom of the prisoners.

## A Substitute Diploma Legal

LITTLE ROCK (AP)—A certi-  
ficate of equivalency issued by the  
state Education Department can  
substitute for a high school diplo-  
ma in qualifying a student for a  
state education loan, the attorney  
general's office ruled Monday.

The ruling said a 1961 act set-  
ting up a loan fund requires that  
a loan applicant be a graduate of  
an Arkansas high school but this  
requirement is fulfilled by the  
certificate.

Education Commissioner Arch  
Ford, who doubles as secretary of  
the state Student Loan Board,  
asked for the ruling. He said the  
board has an application from a  
University of Arkansas Medical  
School student who lacks a diplo-  
ma but who had won an equivalency  
certificate.

Ford said later the Education  
Department issued 1,006 of the  
certificates between last July 1  
and April 1. It issued 1,406 in the  
1960-61 fiscal year and 2,437 in  
fiscal 1959-60.

A person must be over 20 to  
take the test for an equivalency  
certificate, Ford said.

## AEA Won't Jump Into Politics

LITTLE ROCK (AP) — State  
education officials won't jump in-  
to politics this spring, Education  
Commissioner Arch Ford said  
Monday.

Ford described the Education  
Department as "a state agency  
with a special mission and we can-  
not be involved in personalities."

Speaking to his staff, the com-  
missioner noted that although  
members of the state Board of  
Education were politically ap-  
pointed they have refused to in-  
volve the agency or its program  
in politics.

Ford said the department's job  
of raising educational standards is  
too vital to bog down in personal-  
ity politics.

"We have about 450 employees,"  
he said, "each one will make up  
his or her mind without help from  
me or anyone in the department."

Regardless of who is elected the  
next governor, Ford said the de-  
partment will develop a program  
within the objectives of the new  
governor.

This is the way it has always  
been, Ford added.

The commissioner did not dis-  
cuss recent moves by certain el-  
ements of the Arkansas Education  
Association aimed at defeating  
state legislators who opposed leg-  
islation which the teacher-organ-  
ization felt was in its best interest.

MIAMI, Fla. (AP)—Four opti-  
mistic Cuban exile emissaries  
flew to Havana today, hoping to  
bargain with Fidel Castro for the  
ransom of 1,179 war prisoners.

They said they hoped to interest  
the prime minister in a plan to  
swap the captives for merchan-  
dise.

"We have \$26 million in cash  
and pledges with \$2 million more  
in sight," reported Enrique Lla-  
ca, treasurer of the Cuban Fam-  
ilies Committee for Reparation of  
War Prisoners.

Llaeca and his three companions  
hoped to talk Castro into reducing  
the total \$62 million placed on the  
prisoners.

"But we can also raise more  
money," he said.

Also in the exile delegation  
were Alvaro Sanchez Jr., chair-  
man; Mrs. Virginia Betancourt de  
Rodriguez; and Ernesto Freyre.

Some 50 refugees, including re-  
latives of the delegates and re-  
latives of prisoners bade adios at  
the airport. Many were in tears.

Donham to Rejoin  
Highway Staff

LITTLE ROCK (AP) — Little  
Rock attorney William H. Donham  
will rejoin the state Highway De-  
partment's legal staff April 10.

Dowell Anders, the department's  
chief attorney, said Monday that  
Donham will retire from the law  
firm of Gentry, Dabbs and Don-  
ham to rejoin the staff.

Donham, who served from 1954  
to 1956 as deputy prosecuting at-  
torney, joined the law firm in 1959  
after serving two years on the  
Highway staff.

Weather Bureau here issued the  
following severe weather warning  
today:

winds are expected from noon un-  
til 5 p. m. today in the northern  
two-thirds of Arkansas, north of a

## Predicts Fine Future for Fish Farmers

WASHINGTON (AP) — If Sen.  
J. W. Fulbright, D-Ark., suc-  
ceeds, Arkansas fish farmers may  
move up on a par with their dirt  
farmer-cousins.

Fulbright has appealed to the  
Senate Agriculture Committee and  
the Department of Agriculture to  
recognize the agrarian aspects of  
fish farming.

In a letter to Sen. Allen J. Ell-  
ender, D-La., chairman of the Sen-  
ate committee, Fulbright said,  
"Unfortunately this activity is not  
looked upon as farming by some  
government agencies, including  
the Department of Agriculture."

Fulbright pointed out that since  
fish farming isn't recognized as  
farming, agriculture credit is de-  
nied them under the Farmers  
Home Administration.

"If FHA funds are to be made  
available for encouraging conver-  
sion of farm land to recreational  
use, I can certainly see no justifi-  
cation for denying this type of  
credit to fish farmers," Fulbright  
wrote.

Arkansas, a pioneer in this  
field, sold \$12 million worth of  
minnows last year, Fulbright said,  
and predicted the industry would  
continue to grow if such farmers  
are accorded fair treatment.

Fish farmers, Fulbright pointed  
out, are not eligible for certain  
cost sharing practices under the  
agriculture conservation program.  
This includes construction of fish  
ponds, Arkansas' junior senator  
said.

He urged Ellender to consider  
adding provisions to a pending  
farm bill in the committee to of-  
ficially recognize fish farming as  
farming.

In doing this, he said, fish farm-  
ers would be eligible for various  
types of farm aid.

Fulbright noted there are 13 mil-  
lion acres in Arkansas, Louisiana,  
Missouri, Mississippi and Texas  
suitable for rotating crops of rice  
and fish.

LITTLE ROCK (AP)—The state  
Purchasing Department will open  
bids April 17 on construction of  
three more cottages at Buffalo  
State Park near Yellville. Direc-  
tor Mack Sturgis said Monday the  
plans call for construction of  
wooden duplex cottages containing  
a bedroom, kitchen and living-  
dining room. The units are to be  
completed by mid-July. The park now  
has six cabins.

## Veterans Take Special Tests

LITTLE ROCK (AP) — State  
Education Commissioner Arch W.  
Ford said Monday that 1,400 per-  
sons during the past eight months  
had taken a special test to get a  
certificate equivalent to a high  
school diploma.

Ford said most of those taking  
the tests were veterans who had  
dropped out of high school.

He said that since July 1, 1956,  
a total of 9,905 persons had taken  
the General Education Develop-  
ment tests, which are given only  
to people who fail to complete  
high school. Applicants for the  
test must be at least 20 years of  
age.

The state entered the testing  
program in 1951 in cooperation  
with the federal government. The  
state legislature last year provid-  
ed a similar program for non-vet-  
eran residents.

## Disarmament Not Complete Answer

By PATRICK MASSEY

GENEVA (AP) —The United  
States today insisted that even  
general disarmament will not au-  
tomatically bring peace in the  
world.

For this reason, said U.S. Am-  
bassador Arthur H. Dean, inter-  
national peace-keeping machinery  
must be established simultaneously  
with disarmament.

Dean was addressing the 17-na-  
tion disarmament conference dur-  
ing a debate on a preamble to a  
treaty on general and complete  
disarmament.

Western officials said the debate  
showed large areas of agreement  
between East and West on the  
wording of the preamble.

One major point of disagree-  
ment was on the priority to be  
given to formation of peace-keep-  
ing machinery.

Soviet Delegate Valerian A. Zo-  
rin argued that peace would au-  
tomatically arrive with disarm-  
ament and that the international  
peace-keeping machinery was of  
secondary importance.

Another point of dispute was a  
paragraph that spelled out the ul-  
timate goal of disarmament. The  
Soviet side objected to this as  
repetitious.

In particular it complained  
about a reference to nations ad-  
justing themselves to change in  
accordance with the U.N. Charter.  
Zorin said this constituted an  
interference in internal affairs  
since some changes such as na-  
tional liberation movements could  
not take account of the U.N. Char-  
ter.

The United States responded  
that both the charter and the pre-  
amble itself came out against in-  
ternal interference.

The conference decided to refer  
the disputed points back for fur-  
ther discussion by Dean and Zorin  
in their capacity as conference co-  
chairmen.

## Wants Literacy Tests in Voting Laws Softened

WASHINGTON (AP) — Atty.  
Gen. Robert F. Kennedy said to-  
day "we ask for nothing more  
than new remedies for old  
wrongs" as he pressed for enact-  
ment of a bill to ban any unfair  
use of literacy tests to prevent  
Negroes from voting.

This administration believes  
states may legitimately require  
their voters to have the ability to  
inform themselves about election  
issues," Kennedy told a Senate  
Judiciary subcommittee.

"The wrong lies in the manner  
in which literacy and understand-  
ing are determined," he said.  
"What we propose is to substi-  
tute an objective standard for the  
present subjective color bar to  
federal voting. The bill we support  
recognizes a fact of our national  
life: persons who have completed  
the sixth grade are qualified to  
vote and are fully capable of in-  
telligent participation in the dem-  
ocratic process—by any reason-  
able standard fairly applied," he  
added.

Kennedy, in his testimony, said  
that in 1959, in 16 counties in  
which Negroes of voting age were  
the majority, not one Negro was  
registered to vote. In 49 other  
such counties, he said, fewer  
than 5 per cent of the eligible  
Negroes were registered.

He said the principal "cause  
and method of discrimination has  
been the abuse of the so-called  
'literacy' or 'interpretation' tests  
and similar performance tests."

Kennedy's testimony started the  
last three days of hearings on the  
explosive issue before the Senate  
subcommittee, Sen. Sam J. Ervin,  
D-N.C., its chairman, who opposes  
the legislation, has set Thursday  
for the last of the hearings.

The administration bill would  
declare a sixth-grade education  
adequate to meet literacy require-  
ments as a voter in federal elec-  
tions.

## Gets 15 Years on Charge of Assault

John D. Patrick, 28-year-old  
Negro, pleaded guilty to assault  
with intent to rape in Hempstead  
Circuit Court yesterday and was  
sentenced to 15 years in prison.  
The charge was reduced from  
rape.

Last week Patrick was tried for  
the rape-charge of a 72 year old  
local white woman in July 1961.  
The jury was unable to agree and  
a mistrial was declared by Judge  
Brown.

The second rape charge against  
Patrick resulted from the investi-  
gation of the July case. Investi-  
gating officers said the Negro wo-  
man told them that she was  
attacked by Patrick a couple of  
months previous to the attack  
beating of the white woman. She  
identified Patrick as the assail-  
ant.

No retrial has been set in the  
July attack.

## Memorial to Melon Grower

O. D. Middlebrooks

In an effort to stimulate interest  
in the growing of big watermelons  
in the Hope area, the Chamber  
of Commerce agriculture commit-  
tee has proposed a program  
whereby prizes would be given  
for the three largest melons  
grown this year. Proposed prizes  
would be \$100 for the largest, \$75  
for the second and \$50 for the  
third largest.

The fund collected for these  
prizes will be designated, The O.  
D. Middlebrooks Memorial Water-  
melon Fund, in memory of the  
late Mr. Middlebrooks who holds  
the record of having grown the  
largest watermelon in the world.  
This melon, grown in 1935 and  
weighing 195 pounds has never  
been equaled. In 1956 Mr. Mid-  
dlebrooks grew a melon that  
weighed 161 pounds and received

a prize of \$1,000 for his efforts.  
This prize was offered by a con-  
tractor in San Diego, California  
and the melon was shipped to that  
city for display. It is estimated  
that Mr. Middlebrooks grew  
hundreds of these giant melons  
that weighed in excess of 100  
pounds during his lifetime.

Growers who wish to enter into  
this competition are asked to  
register at the Chamber of Com-  
merce office in order to be eligible  
to participate. The deadline for  
entering the contest will be May  
15, 1962.

The committee has asked that  
all of those who wish to make a  
contribution to this fund send or  
take it to the Chamber of Com-  
merce office. It is reported that  
\$30 has already been received.

## Soil Testing Program Progressing

Farmers of Hempstead County  
are making good use of the in-  
tensive soil testing program, said  
County Agent Calvin Caldwell.

A check of the records reveals  
that at this time in 1961 a total  
of 241 samples had been forward-  
ed to the laboratory for testing.  
To date, 380 samples, or 139 more  
than this time in 1961, have been  
sent in for 1962.

The program was kicked off at  
a meeting held on Jan. 16 at  
which farm and business leaders  
attended. Publicity was given the  
program by radio and newspaper.

Agricultural leaders encouraged  
farmers of the county to take ad-  
vantage of this service. In addi-  
tion to regular news coverage  
there was a special section of the  
local newspaper devoted to tel-  
ling the story of soil testing and  
how it could benefit farmers of  
the county.

Norman Bradford, KXAR Radio  
announcer, said after the leaders'  
meeting there was a million extra  
dollars to be found in the soils of  
Hempstead County.

Officers said the man was charg-  
ed with taking two sets from  
motel in Texarkana. They said  
the set stolen here will be recov-

## Enforceable Ban Must Come During Month

WASHINGTON (AP)—The Unit-  
ed States and Britain gave the  
Soviet Union an apparently final  
warning today that unless there is  
agreement on an enforceable nu-  
clear test ban the new U.S. test  
series scheduled to start late this  
month will have to go forward.

In a joint statement released at  
the White House, the two govern-  
ments called on the Soviets to re-  
consider their position on the in-  
spection issue and to accept the  
principle of international verifica-  
tion.

"If they will do this," the state-  
ment said, "there is still time to  
reach agreement."

The declaration then continued:  
"But if there is no change in the  
present Soviet position, the gov-  
ernments of United States and the  
United Kingdom must conclude  
that their efforts to obtain a work-  
able treaty to ban nuclear tests  
are not now successful, and the  
test series scheduled for the latter  
part of this month will have to go  
forward."

It was understood that the U.S.  
and British leaders were under  
no illusions that their words  
would cause the Kremlin to ab-  
stain in its stiff opposition to  
international controls which the  
Western powers say are needed  
to make such a test ban workable.  
The Western case sums up this  
way:

The Soviets broke an atomic  
test moratorium that had been in  
existence since 1958 with a mas-  
sive series of more than 40 shots  
last fall. Unless the Soviets agree  
to a test ban with adequate safe-  
guards against cheating, the West  
must resume its nuclear testing  
for its own security.

Kennedy has ordered U.S. at-  
mospheric blasts resumed unless  
the Soviets come to terms on a  
treaty acceptable to the United  
States and Britain. The Russians  
showed no sign of doing this  
at a three-nation subcommittee  
meeting at the Geneva disarm-  
ament conference Monday.

In an exchange between U.S.  
delegate Arthur H. Dean and So-  
viet delegate Semyon K. Tsarap-  
kin, Dean made plain that the  
U.S. atmospheric tests will be  
held if the Russians don't sign an  
enforceable treaty.

Tsarapkin refused to budge  
from Moscow's contention that the  
West's proposed controls are de-  
signed to put spies into the Soviet  
Union.

The Soviets have declared they  
will start still another series if  
the Americans go ahead with the  
April tests.

The Atomic Energy Commission  
and the Defense Department de-  
signed a second testing area in  
the Pacific Monday. It is centered  
on the Johnston Island coordinate,  
about 1,000 miles west-southwest  
of Hawaii.

Another testing area was estab-  
lished April 4. It centers on  
Christmas Island about 1,300 miles  
due south of Honolulu.

Navigators and pilots were told  
to avoid the two zones effective  
April 30.

## Bryant Makes Candidacy Official

By JOHN R. STARR

LITTLE ROCK (AP)—Kelly Bryant of Hope filed today as a candidate for secretary of state. Bryant, 53-year-old field secretary of the Arkansas Sheriffs Association, became the second candidate for the job. State Rep. Milton Willis of Van Duren filed last week.

Bryant paid his \$500 filing fee with 50 \$10 checks which he said were contributions from friends in Hope.

The secretary of state's race will be wide open this year, since the incumbent, Nancy Hall, is an appointee and ineligible to succeed herself. Mrs. Hall is running for treasurer.

Bryant said he was a close friend of Mrs. Hall's late husband, C. G. Hall, and he would try to continue Hall's policies. Hall died in January, 1961, after 24 years in the office.

A native of Shawnee, Okla., Bryant was reared in Hempstead County. He graduated from the University of Arkansas in 1934.

Bryant published the daily Hope Star from 1939 to 1951, when he sold the paper to the C. E. Palmer chain. Since 1951, he has been co-publisher of the Arkansas Almanac and editor of the Sheriffs Association magazine.

Bryant published the daily Hope Journal from 1939 to 1951, when it suspended publication. The circulation list was bought by owners of the Hope Star, the present daily at Hope. Since 1951, Bryant has been co-publisher of the Arkansas Almanac and editor of the Sheriffs Association magazine.

Bryant served 2½ years as printing clerk in the state auditor's office. He said this experience would serve him well in one of the principle functions of the secretary of state's office—awarding state printing contracts.

## Awards Show Drags Along for Hours

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—Hollywood's annual big moments—its Motion Picture Academy Awards show—meandered along for more than two hours Monday night and into this morning on ABC before the television audience finally learned the names of its best picture, best actor, best actress and best supporting players.

There were many other awards of Oscar statuettes, too, of mild interest to the television audience. But those were the five that kept the yawning public up through endless "I want to express my gratitude to—" speeches. But if you like to look at stars, there were a lot of them to see, and Bob Hope managed to keep things moving as a bright master of ceremonies to the bitter end.

"West Side Story" picked up so many awards that it almost became monotonous. I wouldn't miss watching this annual show, but each year I wonder why Hollywood can't manage to honor itself with a shorter, more interesting program—and also why a great industry like motion pictures must have its big event of the year sponsored, this year by a manufacturer of home permanent waves and a tooth paste.

Eddie Adams half-hour musical special that preceded it on ABC was a bright and sparkling little program. This viewer even wished it could go on longer, as action rare in these days of hour-long specials which often seem padded to fill the time.

Miss Adams sang well and in a wide range of moods. Dick Shawn was amusing in a comedy bit and Andre Previn played the piano brilliantly. It was very nice, and one hopes she'll do this sort of thing often.

## DOROTHY DIX

Ex-Husband a Changed Man

By HELEN WORDEN ERSKINE

Dear Helen: My wife was advised by you to start a new life and forget me. You heard her side, now please hear mine.

I admit to the love affair of four years with another woman. But this is now terminated, I having confessed my sins to my wife and God, paid penance with a 40-day fasting period and received baptism in my wife's church.

Since my wife at the time confessed to still loving me, the church advised remarriage. Her family, believing me to be the same person I was in the past, blocked her return to me. My

wife, the grandest person who ever lived, doesn't deserve the treatment I gave her. She even talks of ending her own life.

God knows my soul is cleansed and that I am seeking help in every way known. How can I persuade her family to forgive me and afford me the chance to earn her forgiveness? Her stepdaughter cries for her and her stepson (who is retarded) leaves soon for a private school and longs to see her before he goes. We love her so very much.

All I ask for is the opportunity to correct the mess I have made of so many lives. My minister and others are doing all they can. Will you help too? —Sorrowing Ex-Husband.

Dear Sorrowing: If you're really penitent, prove it by deeds, not words. It is what you do, not what you say, that counts. To go out, have a good time, then come back crying, "I've got religion," isn't enough. Declaring that you are a changed man doesn't make it so. Calm down. Don't force your wife into doing something which she might regret. Let her make her own decisions.

Help things along by seeing that her material needs are cared for. Woo her as you did in your court-

ship days. Express your love—and repentance—in thoughtful little gifts: flowers, books, something to wear. Let her feel that you are indeed her protector. The more concern you reveal for her welfare, the better your chance of reinstatement with her as well as with her family.

The following letter came in the mail as the one above:

Dear Helen: I gather that you too, have fallen for the alliterative appeal in "Forgive and forget." If you care to check in St. Matthew, XVIII, verses 21-22, our Jesus, great psychologist that He was, doesn't even suggest it. Anticipating Adler, Freud and Jung, He never asked us to do the impossible. —Edgar Daniel Kramer, Baltimore, Md.

The verses to which Mr. Kramer refers are: "Then came Peter to Him and said, Lord, how oft shall my brother sin against me and I forgive him? Till seven times?" Jesus saith unto him, "I say not unto thee until seven times; but until 70 times seven."

to me, that says we should forgive 490 times.

Every time I light a cigarette, I see the disappointment and hurt in his face. Am I wrong in thinking that his love for me should override his personal opinions, or should I try to make this sacrifice in an effort to cater to his likes. I'll be a nervous wreck till you answer. —Confused

Dear Confused: Reduce this problem to a common denominator. Actually the issue is how much each is willing to give up for the other. Your fiancé's concern should be for your happiness as should yours be for his. If yours is to be a happy marriage, each must practice the art of compromise. Tell him that for his sake you'll limit your smoking to weekends. In turn, as a reward to your adaptability, he should provide you with the cigarettes.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed

## Strike of Teachers Postponed

By PIERCE LEHMBECK

NEW YORK (AP)—A strike of public school teachers scheduled to begin today was postponed for at least a day in a stormy session of the United Federation of Teachers' delegate assembly.

The assembly, meeting until 3 a.m., voted to reject terms of a strike postponement proposal offered by the city and to hold a full membership meeting at 4 p.m. today to determine a course of action.

Charles Cogen, union president, said the action put off any walkout of the city's 40,000 public school teachers until Wednesday morning at the earliest.

Such a walkout could affect up to one million of the city's pupils. The union's negotiating team had agreed Monday night to the

envelope and address her care of this newspaper. Helpful leaflets available. Write for "A Happy Marriage."

city proposal, which included an agreement on wages and working conditions the negotiators had worked out with the Board of Education.

But when Cogen appeared before the delegate assembly at St. Nicholas Arena after midnight to plead for ratification of the agreement, he was greeted with cries of "strike, strike."

Cogen told the 700 assembly members that about \$28 million is now available for salary raises and other benefits for the next fiscal year.

A storm of boos greeted this announcement. The teachers had asked \$53 million.

Cogen said the agreement also called for establishment of a three-man fact-finding committee.

"We were offered the proposition that there would be the prospect of additional money that might become available," he said.

Although the union has only 15,000 members, it is the bargaining agent for all 40,000 teachers. Cogen has estimated that at least 30,000 would participate in a strike.

Schools Superintendent John J. Theobald has said he would recruit parents to man classrooms in an attempt to keep the educational system functioning despite a strike.

When Jane called Kenneth at his office Friday morning to report that she was having a field day at Bonwit Teller's and looked forward to seeing him that evening, it had seemed simple enough to arrange a meeting after work at the Algonquin. By 5:30 that afternoon nothing seemed simple any longer. Charlie Trinkam had rung through to remind Kenneth that a finalizing letter must go out in the mail that evening for the executors of the Betz estate. Virtuously conscious of a completed first draft of that letter reposing in his files, Kenneth had calmly reassured Trinkam and promised to see to the mailing himself. A quick glance at the draft, however, convinced him that one of the tax tables required some minor revisions. Two hours later Kenneth delivered to his Miss Todd a mass of crumpled and heavily interlined typescript with urgent injunctions for speed and neatness.

He should have added accuracy to his list of requirements. At 5:15 he erupted from his office and shook the second page of his seven page letter accusingly at Miss Todd.

"You left out a paragraph—a whole paragraph!"

"Well, I'm terribly sorry, but I was trying to do it quickly for you."

We wish to express our sincere thanks and appreciation to our many friends for the beautiful flowers, wonderful food and the many thoughtful kindnesses shown to us in the loss of our loved one.

Cat Got a Frog in Its Throat  
DEL MAR, Calif. (AP) Herbie, a crackjack croaker recruited from a creek near Olivenhain, got off the top hop Sunday at the ninth annual Southern California jumping frog championship.

Herbie, a California leopard-spotted hopper, won the broad jump with a cumulative three-leap distance of 13 feet, 3 inches.

He also won best frog honors and so will be entered automatically in the international jumping frog jubilee May 20 at Angels Camp in Calaveras County. That was the setting of the original Mark Twain story, "The Celebrated Jumping Frog of Calaveras County."

Herbie was entered by John F. Davis, 28, an apprentice plumber from Olivenhain, 30 miles north of San Diego. The championship was sponsored by the San Diego Junior Chamber of Commerce as a cancer fund benefit.

Missing from the field was Astro, winner of the jump here last year. What happened was a cat got a frog in its throat. It was Astro.

Astronaut to Get Science Award  
WASHINGTON (AP)—Astronaut John H. Glenn Jr. tonight receives the National Geographic Society's highest award for exploration and research.

Vice President Lyndon B. Johnson is scheduled to make the presentation to the Marine lieutenant colonel who last Feb. 20 became the first American to orbit the earth.

The society said it was giving Glenn its Hubbard Medal in recognition of his "extraordinary contributions to scientific knowledge of the world and beyond as a pioneer in exploring the ocean space."

The medal was first struck in 1906 and presented to Adm. Robert E. Peary, discoverer of the North Pole. There have been 19 other winners since then, among them Charles A. Lindbergh, first to make a solo flight across the Atlantic, and Sir Edmund Hillary, who scaled Mt. Everest.

## BANKING ON DEATH

BY EMMA LATHEN  
Chapter 20

Grace listened with interest as Arthur went on in a grim voice: "Martin not only hasn't got us any new customers, he's letting us lose our old ones. Wisconsin Paper and Novelty. They've been Schneider customers since 1905. I went out to talk to them recently. Do you realize that fool never went to Beloit to talk to them?"

"Of course, I've never really liked Martin," Grace said thoughtfully.

Arthur glowered at a hapless pedestrian who had strayed into the street in front of the car.

"What difference does it make if you like him or not? We're stuck with him. And when Hilda goes, we'll be more stuck than ever."

"He gets only non-voting stock, doesn't he?" Grace asked.

"But he's head of our sales division, and we won't be able to get him out unless we buy him out. Which we can't. And I am telling you once for all, I am seriously worried about the way our sales are going."

As they waited for the light in front of the John Hancock Building to turn to green, Grace looked at Arthur, then broke the silence.

"We could really have used that money from Robert's share of the trust, couldn't we?"

Arthur shrugged his shoulders, and laughed shortly. "Every little bit helps, of course, but in terms of business it wouldn't have made any difference. We really need to get a couple of big contracts, then everything will be all right."

Grace pulled her bag open, and rummaged for a cigarette. "People don't just disappear."

"What are you talking about?" "Robert, of course," she said, her voice slightly sharpened by macabre relish. "And the murder. The police didn't know anything about him, or what he had been doing. It really makes you wonder. I mean about what kind of life he had been leading. After all, he was our own cousin."

More Tourists to White House  
WASHINGTON (AP) — The White House reports more tourists passed through its doors Saturday than in any other single day in history.

The record number of 18,229 bettered by about 5,000 the previous high for any single day, the press office said.

This was the first Saturday when tourists were permitted to view the executive mansion from 10 a.m. until 2 p.m. The old hours were 10 a.m. to noon.

## 'West Side Story' Takes Top Honors

By JAMES BACON  
AP Movie-Television Writer

HOLLYWOOD (AP) — Sexy Sophia Loren, stern-faced Maximilian Schell and splashy "West Side Story" go into the records as top winners of the 34th annual Academy Awards. But a sensational bit of gate-crashing stole the show.

Italy's Miss Loren is best actress. Vienna's Schell is best actor. Hollywood's "West Side Story" is best picture, winner of a near-record 10 Oscars. New York's Stan Berman retains his title as "world champion gate-crasher."

Berman, 35, a cabbie who has made a career out of penetrating the impenetrable, stalked onto the stage in mid-tearful at Santa Monica Civic Auditorium, presented astonished emcee Bob Hope with an ersatz Oscar, and stalked off—leaving the film famous and a nation of onlookers flabbergasted.

## Redlegs Are Drubbed 12-4 by Phillies

By MIKE RATHET  
Associated Press Sports Writer

Cincinnati's defending champion Reds, first National League team to occupy 10th place since the turn of the century, will try to climb out today as the expanded circuit gets its 87th season rolling with a full program of second day openers.

The Reds, as original franchise holders in the NL, traditionally are accorded the privilege of officially opening the season at home each year. They raised the curtain for the 77th time Monday and were unceremoniously drubbed 12-4 by the Philadelphia Phillies.

They'll be trying to register on the other side of the ledger when they invade Los Angeles and help the Dodgers get under way before an expected sellout crowd of 5,000 in the new \$18-million Dodger Stadium.

Houston and New York will make their debuts under different circumstances, the Colts opening before the home folks against Chicago while the Mets are at St. Louis for a night game.

Milwaukee is at San Francisco and Philadelphia at Pittsburgh in the other openers as the National League unveils a 16-club circuit playing a 162-game schedule for the first time in its venerable history.

Four games are on tap in the American League, which opened Monday with President Kennedy throwing out the first ball and watching Washington beat Detroit 4-1. Baltimore is at New York, Cleveland at Boston, Los Angeles at Chicago and Minnesota at Kansas City.

The Reds sent 21-game winner Joey Jay against the Phillies Monday and the ace of the staff lasted 2-1/3 innings before leaving with the score 3-0, including a homer by Clay Darymple in the second.

The Reds are expected to come back today with left-hander Jim O'Toole, 19-9 last season when Cincinnati won its first National League pennant in 20 years. Southpaw Johnny Podres (18-5 last year) will oppose him for the Dodgers, who launched their new ball park in Chavez Ravine Monday with a dedication program.

The Colts send their cast of hand-me-downs front and center in a temporary stadium that will serve as home until a new domed ball park is completed. The Cubs will start with four rookies in the line-up—Lou Brock in centerfield, Ken Hubbs at second, Elmer White at short and Cuno Barragan catching Don Cardwell (15-14). Bobby Shantz (16-3) will open for Harry Crafts Colts.

The Mets open with a host of old faces—Richie Ashburn, Charlie Neal, Gil Hodges, Gus Bell and Frank Thomas, pitcher Roger Craig (15-6)—and Manager Casey

## U of A Netters Win Dual Match

SPRINGFIELD, Mo. (AP)—University of Arkansas netmen won all but two matches in defeating Springfield, Mo., State 5-2 in a dual tennis match Monday.

Wes Fritz of Springfield defeated Mike Meistrick 6-3, 3-6, 6-3 in the singles. Richard Fronbarger and Tom Beeson edged Arkansas' Jack Bailey and Allen Beauchamp 6-3, 8-6 in one of the two doubles matches.

Other results: Bailey defeated Fronbarger, 6-1, 6-1. Charles Long, Arkansas, defeated Nelson Osborne, 6-2, 5-7, 6-4. Tommy Stevens, Arkansas, defeated Rex Pierce, 6-4, 7-5. Meistrick-long defeated Osborne-Pierce, 7-5, 7-5.

## Had a Fine Time at the Ball Game

WASHINGTON (AP)—He almost got beamed and did get caught in a lashing downpour—but President Kennedy had himself a fine time at the ball park and hopes to return for more.

He enjoyed the Washington Senators' 4-1 opening day baseball victory Monday over the Detroit Tigers so much, in fact, he put off business at the White House and stayed to the finish.

Back at the mansion, aides talked over trouble in Southeast Asia with Liaison Ambassador Tiao Khampan while the President rooted for the home team at Washington's magnificent new stadium.

The ambassador was aware the game had been delayed by rain and obligingly agreed to a half-hour postponement of his 5 p.m. appointment. Subordinates filled in until the President showed up with apologies at 5:30.

It wasn't all fun, Kennedy threw out the first ball, grabbed by the Washington pitcher Marty Kutyna. A half-hour later he had to duck through the Senators' dugout to escape a drenching from the rain that delayed play for 22 minutes.

Kennedy spent the recess in the umpires' dressing room, chatting with umpires Joe Paparella and Hank Soar and E. R. Quessada, president of the Washington Club.

He ducked again in the fourth inning—this time in his seat—to avoid a lofty foul pop from the bat of Washington outfielder Wildie "Tashy" that threatened to go down as the first presidential beanball in history.

## \$1.5 Billion for Military Construction

WASHINGTON (AP)—The House Armed Services Committee today approved military construction totaling \$1,524,197,000 for the coming year.

The measure as it came through committee is \$72.5 million less than the Defense Department requested for building operations. The money itself comes along later in an appropriation bill.

The committee rebuffed several Pentagon requests that would have given the Defense Department financial authority in construction and housekeeping areas now assigned to the separate military services.

Specifically rejected was a Defense Department request for separate construction authority for nearly \$40 million. The committee said the Defense Department "should confine its activities to policy making and not attempt to duplicate the operating functions of the military departments."

## Trimble Files Again

LITTLE ROCK (AP)—Rep. James W. Trimble of the 3rd Congressional District filed Saturday with the secretary of state as a candidate for reelection. The 62-year-old Trimble, of Berryville, is seeking his eighth term.

## Wanted Results

NORTH LITTLE ROCK (AP)—Police said they spent 15 minutes taking calls from persons wanting race results and seeking to place bets after officers raided an alleged bookmaking operation here Saturday. Officers said the gamblers fled, leaving gambling paraphernalia behind. The raid, police said, came shortly before the running of the Arkansas Derby at Hot Springs.

Stengel, Stan (The Man) Musial, operating in the No. 4 batting position for the Cardinals, can set another league record if he scores two runs. Larry Jackson (14-11) will be the pitcher.

Warren Spahn, (21-13), like Musial a member of the over-40 club, will be gunning for victory No. 310 when he takes the mound for the Braves at San Francisco, facing a Giant batting order led by NL home run king Orlando Cepeda.

The league-leading Phils will send Jim Owens (5-10) against Bob Friend (14-19) at Pittsburgh.

## Mr. Palmer Shows How It Is Done

By MERCER BAILEY  
AUGUSTA, Ga. (AP) Golf is in its Palmer era.

Once it was the Jones and Hadgen era.

Then it was the Snead and Hogan era.

Now it is the Palmer era. It's Arnold Palmer's all alone. No one shares it with him.

In any major tournament today, Arnold Palmer, the onetime steelworker from Latrobe, Pa., must be given the favorite's role.

What makes him greater than the rest is his tenacity, aggressiveness and refusal to concede defeat.

Twice in two days, en route to his third Masters golf championship, Palmer proved no one can equal his ability to rally sensationally when it appears all hope is gone.

In Monday's playoff with Gary Player and Dow Finsterwald, Palmer trailed Player by three shots after nine holes.

Then that characteristic Palmer comeback began unfolding. He birdied No. 10 with a 30-foot putt. Player took a bogey. On No. 12, Palmer got a birdie ducce with a tee shot 3 1/2 feet from the cup.

Again Player took a bogey and Palmer was ahead by one shot. Palmer collected two more birdies on the next two holes and it was just a question of how big his victory margin would be.

Palmer wound up with a 4-under par 68. Player had a 71 and Finsterwald, who never got started, finished with a 77. They had finished the 72-hole round deadlocked at 280. Par for the 6,990-yard Augusta National course is 36-36—72.

Palmer's \$20,000 first prize vaulted him ahead of Doug Ford and Cary Middlecoff to the top of the PGA official money winning list for the past 15 years, since official records first were kept. Palmer has collected \$298,738 in official PGA purses.

Ford \$298,037 and Middlecoff \$285,232 although Arnold has been a pro only since November 1954.

Player, who failed in his bid to become the first Masters champion to successfully defend his title, won \$12,000 second money and Finsterwald pocketed \$8,000.

## Hog Player Out of Hospital

FAYETTEVILLE, Ark. (AP)—A University of Arkansas baseball player was released here Monday from a hospital where he was taken after he was hit Saturday by a pitched ball.

Gary Weaver, Porker pitcher-outfielder, was beamed in the first game of a doubleheader against Pittsburg State.

He was wearing a protective helmet, but suffered a slight concussion.

## Spring Drills of Porkers Are Filmed

FAYETTEVILLE, Ark. (AP)—Arkansas filmed its first session of spring football drills Monday and Coach Frank Broyles announced a game-type scrimmage for Saturday.

After Monday's two hours and 35 minutes of practice, the Razorback mentor was pleased at the teams' attitude . . . but not the workout.

Broyles indicated that filming would continue the remainder of this week, with some films being shown coaches from around the state and from the Southwest Conference who'll come here this weekend for a two-day coaching clinic.

The game-type scrimmage will be held for the visitors. Coming in for particular praise after Monday's session was quarterback Billy Moore who threw three passes which Broyles said would have gone for touchdowns.

Nine of the 17 returning Razorback letterman are out for the current spring drills, with the others excused.

Broyles observed Monday that Arkansas is the only school in the conference which excuses seniors from the spring practice.

This, said Broyles, boosts the morale of the seniors and new players as well as gives him a chance to see how the newer members are progressing.

GENEVA (AP)—U.S. Delegate Arthur H. Dean called on the Soviet Union today to outlaw books which dwell on the inevitability of war—including the works of Marx, Lenin and Stalin.

He made the demand in a heated session of the 17-nation disarmament conference in which delegates from East and West clashed on the question of how to eliminate war propaganda.

Dean reiterated that the United States believes this problem can best be dealt with by increasing exchanges of views across the Iron Curtain.

Soviet Delegate Valerian A. Zorin contended war propaganda should be made a formal crime in every country. He charged American refusal to countenance this indicated the United States is falsely sheltering behind principles of free expression.

Zorin also accused the United States of repressing American citizens who sought peace.

Dean rejected the contention as absolutely false. He said the United States acts only on the principle that any state has the right to prevent subversion by force.

## Yankees Start Play for 3rd Straight Flag

By MIKE RATHET

President Kennedy has thrown his last pitch of the season, and Whitey Ford is set to fire his first today as the world champion New York Yankees start their campaign for a third consecutive American League pennant.

The President officially opened the baseball season Monday, throwing out the first ball amid the traditional pomp and circumstance in the national capital, then staying to watch Washington whip Detroit 4-1 behind Bennie Daniels' five-hitter.

The two teams take the day off today while the remainder of the league raises the curtain with Baltimore at New York, Cleveland at Boston, Los Angeles at

Chicago and Minnesota at Kansas City.

In the National League, Cincinnati is at Los Angeles, Chicago at Houston, New York at St. Louis in a night game, Milwaukee at San Francisco, and Philadelphia at Pittsburgh. The defending champion Reds held their traditional NL home opener Monday, losing to Philadelphia 12-4.

Daniels went the distance in his opening-day assignment before the crowd of 44,383 that jammed the Senators' new \$20 million District of Columbia Stadium.

Daniels struck out seven and walked only two while driving in one of the Senators runs. The Tigers scored when Al Kaline hit into a force play following singles by Jake Wood and Bill Bruton. Bob Johnson led a 13-hit attack with a two-run homer in the fourth inning off Don Mossi that put the Senators ahead for good, plus two singles.

Ford, the little southpaw who won the Cy Young Award as the outstanding pitcher in the majors last season after compiling a 25-4 record will be backed by the powerful Yankee attack that numbers Roger Maris and Mickey Mantle among its home hammerers.

Shortstop Tom Tresh, filling the post vacated when Tony Kubek went into the Army, is the lone new face in the starting lineup. Left-hander Billy Hoelt (7-4) will start for the Orioles, who'll have rookie sensation John (Boog) Powell in left field, trade acquisition Johnny Temple at second and Jerry Adair at shortstop in place of Ron Hansen, like Kubek a member of Uncle Sam's forces.

New Cleveland skipper Mel McGaha will unveil rookies Ty Cline and Al Luplow in the outfield and send Dick Donovan (10-10) to Washington) to the mound against the Red Sox. Boston will go with Don Schwall (15-7), rookie of the year in 1961, and start newly acquired Ed Bressoud at shortstop.

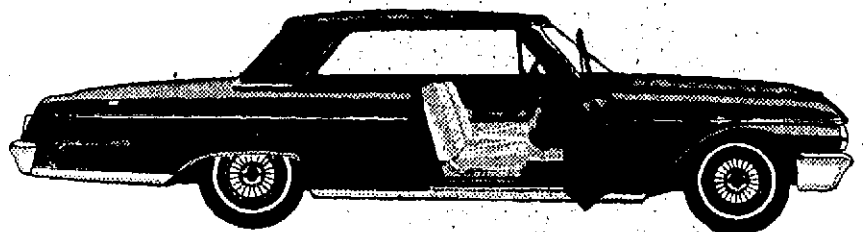

The White Sox, returning to the go-go formula that won the pennant in 1959, will have trade acquisitions Joe Cunningham and Charlie Smith at first and third base, respectively. Juan Pizarro (14-7) will handle the pitching, facing the Angels' Eli Grba (11-13).

Ed Rakow (2-8) is tapped for the A's starting assignment and will oppose Jack Kralick (13-11). The Twins, still counting on the potent bats of Harmon Killebrew, Bob Allison and Jim Lemon will go with an almost completely remade infield.
